**Europe** is a continent of enchanting beauty and endless variety. From the legacy of the ancients to medieval castles to the dynamic cultures of today, travelers find a fascinating blend of influences everywhere they go.

Brendan Worldwide Vacations shows you all the highlights, in comfort, confidence and convenience. Our fully escorted tours, deluxe Brendan Gold packages, river cruising, even independent "City Breaks" and self-drive vacations are tailored to show you the Europe of your dreams, at a pace of your choosing.

Our proudest claim is that Brendan has "been there." Our intimate knowledge of Europe derives from years of driving the scenic highways and back roads, visiting hundreds of castles, museums and historic sites along the way. We have explored the villages of the Rhine, cruised the islands of the Mediterranean and stayed at a huge range of hotels all across Europe.

Our travel specialists, motorcoach drivers, Cruise and Tour Directors are eager to share their insights and knowledge with you, to ensure your vacation with Brendan will be one to remember.
